OUR RIDES CATER FOR PEOPLE OF ALL AGES AND ABILITIES

½ Hour: An easy ride through a pine forest. This is suited for nervous beginners and children.

1 Hour "Lake View": Consists of a gentle trek through larch and pine forest to the leading south ridge of Mt John, with fantastic views of Lake Tekapo and surrounding station country, then a gentle wander downhill to the lake and finally walking back through oak, silver birch and pine forest.

2 Hour "Mountain Top": A stunning ride around the base of Mt John with a breathtaking view of the lake and, from the top of the North end of the mountain, breathtaking views of the Alps and the huge expanse of the Mackenzie Country.

3.5 Hour "Glacier Country": Depending on the weather, this is a ride that takes in the other rides features, but you get the chance to travel on horseback to Lake Alexandrina on the western side of Lake Tekapo. You will appreciate how harsh this land must have been to the early settlers whilst traveling back across this part of The Mackenzie Basin. An absolute must for camera enthusiasts. (Minimum 2 persons)

FULL DAY: Travel further towards the Southern Alps and experience a working high country sheep station. Lunch included. (Minimum 2 persons)

OVERNIGHTER: Camp overnight at an old shepherds camp next to the Irishman Stream. Camp cooking, sleep under the stars, and watch the sunrise strike Aoraki Mt Cook in the early morning. Rides depart approx. 12.30pm and return at about 11.30am the following day. Dinner, Breakfast and refreshments included. Sleeping bags available for hire. (Minimum 2 persons)

Weight limit for all treks is 105kgs (Please advise us if you are over 90kgs)
